

Ceramics Sculpture for All

Ages 14+ | Instructor: Brookelle Robertson | Saturdays 1:30 – 4:30PM

Course Objectives: Join us on this exciting journey into the realm of ceramic sculpture, where your imagination takes center stage. Unearth the possibilities, shape your ideas, and leave the course with a collection of unique and expressive sculptures that reflect your artistic voice.

Course Description: This hands-on class is perfect for beginner to advanced students. This immersive experience provides participants with prior clay experience with a deeper understanding of traditional and contemporary advanced ceramic techniques. Beginner students will learn the journey of a sculpture, proper clay techniques, and more. Students who already have direction and body of work can choose to continue working on their pieces in class and receive guidance and feedback throughout each session.
